

## **No fear**

hey you  
you  
do you know what's up?  
what's up?  
I'll tell you now what's up

A black out  
on my road  
is the sign  
of a war

of souls  
playing hard  
a game  
they didn't decide

the role  
of a stroke  
is the comfort  
into the blood

we are  
all those souls  
ready birds  
ready to go

no fear no fear  
what I was  
what I am  
I will be an impact  
no fear no fear  
what I was  
what I am  
I will be an impact

We'll all have to stand up for a change  
they won't give us any chance  
we'll all have to stand up for a chance  
they won't give us any change

The will  
of a voice  
is to talk  
to sing loud

the will  
of a heart  
is to beat  
from the start

the will  
of a mind  
is to think  
I'm able to fly

the will  
of your gaze  
is to see  
any place

the will  
of your babe  
is to run  
through the space

but the rule  
of a gun  
is to fire  
is remember  
is to shot you down

the will of the sun  
is to give us the life  
without asking us nothing back  
just be alive

the will of a star  
is to shine  
even in the darkest night

remember  
no fear no fear  
what I was  
what I am

remember  
no fear no fear  
what I was  
what I am

I am free free  
you' re free to me  
I am free  
your freedom freedom  
say it  
say it loud  
say it loud

\* [remember no fear no fear no fear  
what I am  
we are an impact  
no fear no fear no fear no fear  
don' t have fear  
no fear no fear no fear no fear  
remember remember remember remember remember  
power power power]

say it  
say it loud  
say it loud  
that you' re free

Freedom!

we are an impact  
no fear no fear no fear no fear  
don' t have fear  
no fear no fear no fear no fear  
remember remember remember remember remember  
power power power
